To make the experience more enjoyable we limit the number of agencies allowed at a time to three, and each one is given 30 minutes shopping time. Agencies can schedule an appointment once a day and can have two representatives per agency shopping at a time.

Please make sure you wear closed toe shoes when visiting the warehouse.

How to shop

If you have an online order placed for pick up:

Agencies with an order are automatically scheduled for a 30 minute time slot and can utilize that time to look around.

If you do not have an order placed:

Agencies can schedule a time via phone or email with their Freestore Foodbank representative. Please make sure you have confirmation that the time slot requested was available.

What to Expect during your visit:

- Upon arrival you will need to sign in and wait until your assigned time.
- There are carts for loading up items. We provide empty boxes when available, however please bring your own if possible.
- There may be a mixture of refrigerated items, dry goods, and non-food items to choose from.
- When you are finished shopping the coordinator that is stationed in the area will help you weigh your items, check you out, and give you a no charge invoice for the items you are taking.
